CALL FOR PAPERS

The 17th Workshop of Physical Agents will be held at the School of Telecommunication Engineering and Information Technology of the University of Málaga in Málaga, Spain on June 16-17, 2016. The Workshop of Physical Agents (WAF) intends to be a forum for information and experiences exchange in different areas regarding the concept of agent on physical environments, especially applied to the control and coordination of autonomous systems: robots, mobile robots, industrial processes or complex systems.

Topics

- Physical agents
- Software agents
- Multiagent systems
- Domotic agents & applications
- Smart-sensors networks
- Human-robot interaction
- Robotic manipulators
- Robocup and soccer robots
- Mobile robots
- Autonomous and semi-autonomous robots
- Cooperating robots
- Machine learning and robotics
- Industrial robotics
- Applied intelligent robotic systems
- Computer vision and robotics
- SLAM
- Active perception

Key dates

- Registration opens: March 2016
- Submission deadline: April 11, 2016
- Acceptance notification: April 25, 2016
- Camera ready: May 16, 2016
- Conference dates: June 16-17, 2016

Organising Committee

Joaquín Ballesteros, Antonio Bandera, Juan Pedro Bandera, Rebeca Marfil and Adrián Romero
